

## Mission Statement

With joyful hearts and open minds, we welcome all persons as diverse, unique, and individual expressions of the image of God as we

Affirm the unconditional love of God for all people as expressed in the life of Jesus Christ.

Celebrate God's grace and creative work through ritual, sacrament, music, art, movement, and play.

Honor our Christian heritage while we explore the knowledge and wisdom of multiple religions, science, philosophy, humanities and psychology to deepen and enrich our spiritual journeys.

Nurture one another through fellowship and compassion in a community that seeks to offer wholeness.

Embody our faith through local ministries and in actions that promote environmental sustainability, peace, and justice for all people and Earth.

In awe and gratitude for the Divine Mystery that dwells within each of us and pervades our Universe, we seek to create a Christian community that honors our past, is vitally connected to our present, and looks with hope and vision to the generations after us.
